# Canada's Amateur Radio Magazine La Revue des Radioamateurs Canadiens

VOLUME 47 NUMBER 5 – TCAMAG@YAHOO.CA – WEB ADDRESS: [HTTP://WP.RAC.CA/TCA](http://WP.RAC.CA/TCA)

*There is something really amazing going on in Canada right now and it will continue throughout 2019. Thanks to the dedicated volunteers of the Canadian Parks On The Air event, Canada's Parks and Historical Sites are being visited by Amateurs from Canada and internationally.*

*The front cover of this issue of TCA features two American Amateurs: Peter Kobak, K0BAK and Anthony Wiese, KG6LHW.*

*On January 1, Peter Kobak, K0BAK, completed a 1-day, 1728 kilometre rove through Ontario, visiting 5 sites and logging 297 QSOs to make 6 confirmed activations. This included CNPOTA's first contact between K0BAK and VE3ZN in the first minute of the year.*

*From May 11-18, Peter completed an 8-day 4,352 kilometre rove through New Brunswick, Prince Edward Island and Nova Scotia visiting 26 sites and logging 892 QSOs to make 33 confirmed activations. Peter has kindly prepared a two-part feature article for TCA about his roving adventures and we are pleased to present Part 1 on page 14.*

*From August 1-6, Anthony Wiese, KG6LHW, and Peter Slocum, KQ6QB, completed a 6-day, 7,725 kilometre rove through Alberta and British Columbia visiting 14 sites and logging 230 QSOs. As shown on the cover, five QSOs were made by satellite by KG6LHW/VE6 from the foot of the Athabasca Glacier in Jasper National Park (AB03).*

*Radio Amateurs of Canada is pleased to support the Canadian National Parks on the Air by promoting the event through the RAC website, in social media and in the pages of TCA. Please help us to promote the event by sharing your stories with us at tcamag@yahoo.ca. Come join the fun and plan to visit one of Canada's beautiful Parks and Historic sites!*
