RAC Canada Winter Contest 2022 Results

Thank You for Participating!

The RAC Contest Management Team is pleased to present the RAC Canada Winter Contest 2022 Results in the following pages.

It was certainly nice to see the solar cycle on the upswing, leading to better conditions on 10 and 15 metres for the RAC Canada Winter Contest 2022. Although participation generally remains high, |with 954 entries in the 2022 running of the RAC Canada Winter Contest, the total number of entries was down slightly from the previous two years.

Four new records were established this year. Please see inside for all of the details.

RAC Canada Winter Contest 2022 Results

Bart Ritchie, VE5CPU and Sam Ferris, VE5SF

It was certainly nice to see the solar cycle on the upswing, leading to better conditions on 10 and 15 metres for the RAC Canada Winter Contest 2022. Although participation generally remains high, with 954 entries in the 2022 running of the RAC Canada Winter Contest, the total number of entries was down slightly from the previous two years.

Four new records were established this year. First, Yuri Onipko, VE3DZ, established a new 40m Single Op Single Band record with a score of 96,978 surpassing the record renewed by Todd Bendtsen, VE5MX, in 2021. Given the first running of the new Single Operator Assisted Low Power and Single Operator Assisted High Power categories, the first ever records were established for these categories.

A new record for the SOALP category goes to Brian Campbell, VE3MGY with a score of 351,840. Ed Richardson, VE4VT, using the VE4RAC call sign, established the record for SOAHP with a score of 1,046,520. Finally, Maria Polyanska, VE3OMV, achieved the highest qualifying score of 102,102 with a Single Operator All Band Low Power effort and wins the Rookie Plaque.

Single Op All Bands Low Power

Sam Ferris, VE5SF, achieved first place again this year with a score of 724,090. Barry Middlebrook, VE6TN, captured second place this year by scoring 336,224, up one place from last year. Thomas J. Warren, K3TW, long-time RAC Winter QRP competitor moved into the SOABLP category this year

and captured third place with a score of 241,200. Dennis Gasparotto, VA3WB, claimed fourth place this year with a score of 177,936. Bill Engel, K5DHY, rounded out the top five in 5th place with a score of 140,316.

Single Op All Bands High Power

Once again Victor Petcherkin, N8OO, captured first place SOABHP with a score of 1,122,000. Second place went to Mitch Mason, K7RL, with a high power score of 905,964 up two places from last year. Bud Governale, W3LL, placed third with a score of 459,228. Rob Kaufmann, VE4GV, joined the top scorers in fourth place scoring 422,392. Ed Radlo, AJ6V, captured fifth place in the category with a score of 220,424. Victor Petcherkin, N800, captured the Russ Coleston, VK4XA, Memorial for the highest scoring Single Op Foreign Entrant with a score of 1,122,000.

Single Op - QRP

Bob Hawkins, VE3WG, achieved first place in the SOABQRP category with a score of 121,080, up one place from last year. Bertrand Zauhar, VE2ZAZ, took second place in the 2022 contest with a score of 53,352. Arnold Love, VE3NFN, claimed third place with a score of 29,288. Rick Williams, VE9HF, achieved fourth place with a QRP score of 28,288 ahead of Anthony Buscaglia, K2NV, in fifth scoring 26,988.

Single Op Single Band

With a score of 140,244 on the 20m band Gary Caldwell, VA7RR, won the overall SOSB category crown this year. Yuri Onipko, VE3DZ, took second overall SOSB place and established a new 40m Single Operator Single Band record with a score of 96,978 with his entry. Third place in the overall SOSB was taken by Arian Stimpson, VE7NZ, with 56,238 points on the 15m band.

On a band-by-band breakdown, Mark Mattila, VA7MM, took top band honours on 160m this year with a Single Band High Power score of 3,080. Ken Keeler, N6RO, claimed the 80m band honours using high power with a score of 26,496. As noted above, Yuri Onipko, VE3DZ,

RAC Canada Winter Contest Plague Winners

Single Operator All Bands Low Power Sponsored by Contest Club Ontario Sam Ferris, VE5SF 1,516 QSOs, 95 Multipliers, 724,090 Points

Single Operator All Bands – QRP Sponsored by Radioworld **Bob Hawkins, VE3WG** 285 QSOs, 60 Multipliers, 121,080 Points

Single Operator All Band Any Authorized Power - Phone Sponsored by Saskatchewan Contest Club Victor Paul, WB0TEV 825 QSOs, 453 Multipliers, 280,052 Points

Single Operator All Band Any Authorized Power – CW Sponsored by Gary Bartlett, VE1RGB, Memorial by the Maritime Contest Club Eric Austin, VE6BBP 1,489 QSOs, 53 Multipliers, 341,108 Points

> Single Operator Assisted Low Power Sponsored by Radioworld Central Brian Campbell, VE3MGY 1,133 QSOs, 60 Multipliers, 351,840 Points

Single Operator Assisted High Power Sponsored by Radioworld Central Ed Richardson, VE4VT VE4RAC at VE4VT 1,551 QSOs, 114 Multipliers, 1,046,292 Points

Single Operator Single Band Any Authorized Power Level Sponsored by Radioworld Gary Caldwell, VA7RR 1,167 QSOs, 26 Multipliers, 20 metre Band, 140,244 Points

Multi-Operator Single Transmitter Low Power Tony Allsop, VE3FTA, Memorial Sponsored by the Mississauga Amateur Radio Club VE9RAC at VE9ML

Operators: Marcel Leblanc, VE9ML, Jean-Paul Leblanc, VE9BK, Raymond Leblanc, VE9RA and Greg Osmond, VA3GKO 790 QSOs, 91 Multipliers, 469,924 Points

Multi-Operator Single Transmitter High Power Sponsored by Alfa Radio Bryan Bydal, W5MX and Clayton Bond, KJ4YLR, at N4SS 1,057 QSOs, 100 Multipliers, 632,000 Points

Multi-Operator Multi Transmitter Any Authorized Power Level Sponsored by Radioworld

Coquitlam Amateur Radio Emergency Services Society VE7RAC at VE7SCC

Operators: Al Ross, VE7WJ, Matthew Dodge, VA7ROH, Neil King, VA7DX and Keith Witney, VE7KW 2,483 QSOs, 102 Multipliers, 1,194,828 Points

Top Scoring Single Operator Foreign Entry Russ Coleston, VK4XA, Memorial Sponsored by Alan Goodacre, VE3HX Victor Petcherkin, N800 1,692 QSOs, 110 Multipliers, 1,122,000 Points

Top Scoring Rookie Sponsored by RadioSport Manitoba and the Winnipeg Amateur Radio Club Maria Polyanska, VE3OMV 358 QSOs, 51 Multipliers 102, 202 Points won first place and established a new record on 40m with a high power entry scoring 96,978. Gary Caldwell, VA7RR, achieved the top honours for 20m band with a score of 140,244.

This year Adrian Stimpson, VE7NZ, won first place in the Single Op Single Band 15m sub-category with a high-power score of 56,238. Alex Klink, VA6WWW, won the 10m band honours with a low power score of 4,608. David Latour, VE4DL, took the 2m sub-category with a single contact and a score of 10 points. In the 2022 contest there were no entrants in the 6m Single Op Single Band sub-category.

Single Op All Band CW

First place and top honours for the Gary Bartlett, VE1RGB, Memorial Plaque – sponsored by the Maritime Contest Club for the CW only category – went to Eric Austin, VE6BBP, with a score of 341,108, up two places from the 2021 contest. For the third year in a row second place is awarded to Les Brown, VE3NNT, with a score of 273,268.

Third place was taken by Tom Haavisto, VE3CX, with a score of 268,736 and fourth place goes to Stefan Bejusca, VA3AR, with a score of 222,336. Fifth place goes to Krassimir Petkov, K1LZ, with a score of 203,792. The Single Op, All Band CW category entries totalled 204 this year and continues to be a popular category for CW enthusiasts.

Single Op All Band Phone

Once again top honours in the Single Op, All Band Phone only category goes to Victor Paul, WB0TEV, with a score of 280.052. This year Alexander Sherman, W6AFA, took second place with a score of 196,768. David Gervais, VE6KD, claimed third place this year with a score of 142,560, up one place from last year. Sunday Satiada, VE4SG, took fourth place with a score of 117,540. Fifth place goes to Ken Moak, KM8AM, using call sign KM8Q, with a score of 74,888. There was a total of 158 entries in the SOAB Phone category in 2022.

Single Op Assisted Low Power

This was the first year for the Single Operator Assisted Low Power category. First place and a new record for the category goes to Brian Campbell, VE3MGY, with a score of 351,840. Congratulations Brian! Ric Morton, WO4O, captured second place by scoring 237,456. Al Niittymaa, VE3VY, captured third place with a score of 204,378. Dick Van Zandt, K9OM, claimed fourth place scoring 195,800. Mike Goldstein, VE3GFN, rounded out the top five in 5th place with a score of 180,096. The new SOALP category has proven popular with 184 entries.

Single Op Assisted High Power

Ed Richardson, VE4VT, using the VE4RAC call sign, won the new Single Operator Assisted High Power category and established a new record with a high score of 1,046,292. Congratulations Ed! Gilles Renucci, VA2EW, using the VA2RAC call sign, took second place with a score of 973,944.

Don Whitty, VE9XX, claimed third place this year with a score of 620,048. Dave Tucker, KA6BIM, took fourth place with a score of 491,996. Fifth place for the SOAHP category goes to Jim Brown, K9YC, with a score of 389,120. There was a total of 171 entries in the SOAHP category in 2022.

Multi-Operator Single Transmitter Low Power

Once again, Marcel Leblanc, VE9ML, Jean-Paul Leblanc, VE9BK, Raymond Leblanc, VE9RA and Greg Osmond, VA3GKO, took top honours and the Tony Allsop, VE3FTA, Memorial in the Multi-Operator Single Transmitter Low Power category, using the VE9RAC call sign, with a score of 469,924. Tom Valenti, K3AJ, with Daryl Olson, WT3K and Robert Venanzi, ND3D, using remote at K3AJ, captured second place with a score of 318,654. Third place was taken by Tom Franks, VE3TCC and Mike – who is working on his Amateur Radio certification – with a score of 34,224.

Multi-Operator Single Transmitter High Power

This year Bryan Bydal, W5MX and Clayton Bond, KJ4YLR, from the N4SS club station, won the Multi-Operator Single Transmitter High Power category with a score of 632,000. Using the VE1RAC call sign, members of the Kings Country Amateur Radio Club including Fred Archibald, VE1FA, Helen Archibald, VA1YL, Fred Blenkhorn, VE1BAB and Robert Schofield, VE1RSM, took second place with a score of 622,104. Third place goes to Gary Smith, VE4YH and Cary Rubenfeld, VE4EA, using the VE4YH station with a score of 551,736.

Multi-Operator Multi Transmitter

Again this year operations of the Multi-Multi category were disrupted by the COVID-19 Pandemic resulting in both conventional Multi-Multi entries and what amounted to distributed Multi-Multi operations.

This year operators AI Ross, VE7WJ, Matthew Dodge, VA7ROH, Neil King, VA7DX and Keith Witney, VE7KW – representing the Coquitlam Amateur Radio Emergency Services Society using the VE7RAC call sign – took top honours in the Multi-Multi category with a score of 1.194,828. Guy Lemieux, VA2UR and Brian Machesney, K1LI, using call sign VA2UR, achieved second place with a score of 678,456.

Operators of the Calgary Amateur Radio Association – Mike Ross, VE6TC, Chris Pawelko, VE6TNO, Neeroo Sharma-Hall, VE6NRO, John Allen, VA6SJA and Robert Wilson, VE6CCL, using the VE6AO call sign – achieved third place in the Multi-Multi category with a score of 605,264.

Distributed Multi-Multi operations are designated in the score listings but are not eligible for awards as they do not comply with the 500 metre rule for antenna location and generally present less of an design, construction and operational challenge in dealing with inter-station interference and phase noise than a conventional Multi-Multi operation.

Distributed Mult-Multi operations are denoted in the detailed results listing by the symbol # following the call sign listing.

Rookie Contest Entrant

Maria Polyanska, VE3OMV (see page 33 of the March-April 2023 TCA), achieved the highest qualifying score of 102,201 with a Single Op All Band Low Power effort and wins the Rookie Plaque for the 2022 RAC Canada Winter Contest. Maria also established a new record for the sub-category. Congratulations Maria on your win and new Rookie sub-category record. Second place goes to Endre Balogh, VA6BGE, with a SOABHP qualifying Rookie entry score of 66,696. Spencer Nelson, VA3SPN, rounded up the top three qualifying Rookie entries with a SOABHP score of 31,496. Welcome to all newly certified Amateurs. Your participation in the RAC Canada Winter Contest is appreciated.

The Rookie Plaque was established as a contesting incentive for new operators, to aid in advancing operating skills for both CW and SSB modes, and to help new operators gain understanding of radio wave propagation. Thus, only entries categorized based on log contents as Single Op All Band High Power, Single Op All Band Low Power, and Single Op All Band QRP are considered for the Rookie Plaque. Operating both modes and contacting lots of multipliers is key to high scores in the Rookie subcategory. Please note that in some cases Rookie logs were re-categorized in accordance with addition rule note #1 to a different category based on the log contents. Rookie entrants are denoted in the detailed results listing by the symbol ^ following the call sign listing.

Closing Comments

Your Contest Managers sincerely appreciate the increased use of Cabrillo-based log entries. The new log upload site at http://www.contest.rac.ca/ has proven to be an efficient manner in which to submit contest logs for both the Canada Winter and Canada Day Contests. Processing completed by the upload system has also saved the log checker considerable time. Additionally, Cabrillo format files significantly reduce the workload associated with producing the contest results. Current versions of popular contest programs such as N1MM, Writelog, CT, NA, Super Duper and TR produce Cabrillo files that can be readily handled by new scoring software developed by Bart, VE5CPU.

Contest certificates will be available at www.contest.rac.ca for those winning a certificate as denoted in the results. We will continue to accept paper logs in 2023 so it is easy for everyone to send in an entry. If you are submitting a paper log, we would appreciate, if possible, receiving summary sheets prepared in accordance with the format set out in the official rules and which provide a breakdown of VE, RAC, DX contact and a multiplier total. In the future Cabrillo log files will need to be submitted within 14 days from the end of the contest. Any entry with 100 or more contacts should be submitted in digital format using the contest log submission system or by email, while supported, to canadawinter@rac.ca. Please review the rules for the RAC Canada Winter Contest 2023 when they are published as there may be refinements and other significant revisions to the rules for the next running of the contest.

Thanks, and congratulations to all for participating in the RAC Canada Winter Contest 2022 and good luck in 2023. Once again, special thanks go out to the operators of the RAC call signs. Hopefully, the solar cycle will continue on an upward trend in the coming years and we will have even better propagation for the running of the RAC Canada Winter Contest scheduled for December 30, 2023.

The RAC website at http://wp.rac.ca/contesting-results/ has all the contest rules and entry forms as well as the Soapbox.

- 73, Bart, VE5CPU and Sam, VE5SF.

RAC Canada Winter Contest 2022 Soapbox

7K1MAG/2: I enjoyed the contest. I have operated in JA2 area.

AA9RK: I was only able to spend about an hour on the air, but it was fun nonetheless.

ABOCD: IC7300 LDG Remote tuner, Rain Gutter II Random Downspout/Raingutter Antenna, N1MM.

AB5XM: Enjoyed the contest! Thanks for having it!

AC4G: Appeared to be many VEs operating. I mainly focused on QSOing VE's. Perhaps I will work others next year to improve my QSO count and score. Thanks for the OSOs!

CT1DRB: Very nice contest, enjoy it a lot.

EA5KO: FT757GX 100W, multiband Inv. Vee.

EW1TO: TS430S PWR 100W ANT GP.

F4GFT: Just distributing a few points.

GOGHK: Just on to give some points out, 73 GL to all - www.g0ghk.com.

HA4FB: Having limited time I wanted to participate as SO SB HP 40m CW Assisted but I see that only SO SB Unassisted 40M was possible. So, I send my log as Single OP Assisted All Band HP instead. Rig-Yaesu FTDX3000 + PA Henry 3K Premier Antennas- Lazy-H antennas (NW-SE/SW-NE) and NVIS (N/S) Single wire Beverages, 300m to 325 degrees,100m to 285 degrees and 160m to 50 degrees, (TNX to Jan OK2ZAW!) Beverages complemented by a HA5IW preamplifier. Thanks for all QSOs! 73, DX! Yuri (HA4FB)

IK3SWB: Just few QSOs for little time.

JA0JHQ: It is 1st time for me.

JA8RWU: Entered three contests (9ACW, RAC, Stew Perry) and just played around each a little this weekend. Have a happy holiday season and see you all in 2023! – 73, Akira, JA8RWU.

JF1GZZ: I enjoyed the contest.

JF2FIU: Thank you all stations!

JH4FUF: I enjoyed the contest. See you next year! TS-890S+21 mh 6 ele Yagi etc.

JH7UJU: FT-817ND Yaqi.

JK1HIY: I enjoyed RAC, third time.

KOGD: All S&P, daytime operation only so I missed much of the action on the low bands.

K1MTD: During this busy Christmas season, I was happy to have some time to enjoy one of my favorite contests. Merry Christmas, Happy Holidays to all!

K2MN: Used two indoor fan dipoles and 80 Watts.

K3AJ: K3AJ operated from the shack. ND3D and WT3K operated remotely.

K3KU: QRV for the last hour. QSOs on SSB and CW on 20m, 40m, and 80m. Personal obligations override the fun of RAC contests.

K3TW: Many thanks for another very enjoyable RAC Contest and Happy New Year!

K4VBM: Not much time to play, but great fun!

K6FA: Conditions were good so guess I will go back to running QRP.

K90M: Great band conditions, SFI=155. Thanks for the Qs! 73, Dick, K90M.

KA0AZS: Corrected file: logged V01 instead of VO1RAC in original.

KA0PQW: Fun contest. Thanks for having it. 73, Matt, KA0PQW.

KC3STZ: Obtained License in September 2021.

KC4TEO: Great contest as usual.

KD7AKE: First time I worked 15m and 80m.

KEOTT: 100 watts to two selectable dipoles up 35 to 45. Thanks for the fun! Always enjoy the RAC contests. 73, Dan, KEOTT.

KF3G: Operated from FM29jw. Thank you for the very enjoyable 2022 RAC Winter Contest.

KM8Q: That was fun. Missed NU, but likely not alone. Thank you to the RAC for such a great event. Definitely will be back next time. Maybe not LP unassisted next time.

KN3B: Casual S&P.

KY4GS: Rookie – licensed April 2021.

N1CEO: My transceiver crashed during the middle of this contest. I continued operating with a different transceiver. Ci-v communications between the transceiver and my logging program N1MM stopped working and I had to enter frequencies manually for the rest of the contest. I am learning CW.

N1NN: 15th RAC Canada winter contest.

N1SFE: I just got on the air for a little bit on Saturday afternoon and evening between doing chores around the house. I figured I'd give out some points.

N2DYT: Using an indoor loop in my 4th floor apartment - 5 watts. Had fun.

N4JRG: Missed NT & NU.

N7DSX: Thank you for a very fun event.

N8II: Conditions were good, activity was not.

N800: Years after years, same very high activity, thanks organizers for super contest, special thanks VY1CO Scott for 3 bands mult, VE8NSD 3-band mult. VA2RAC for only one QSO 160m ssb. Merry Christmas, happy New Year. 73! Vic, N8OO.

N9TF: Lots of fun. Really like the contest format. Always fun to see if I can work all VE Provinces in a short time. Came oh so close. missed NT and NU. Maybe next year? Thanks for a fun contest! 73, Gene, N9TF –100 watts to a 6BTV ground mounted.

NC4TS: First time participant in the RAC Winter Contest. Very friendly operators north of the border!

NC8R: I enjoyed RAC winter contest. It was a wonderful experience!

NDOC: I always enjoy this one but only had a couple hours to operate.

NG7PR: First licensed: February 2020.

NN7M: Bands were in great shape. Had a very good time working 15m.

NQ2W: Very enjoyable contest! Snow storm clean-up limited the time I could spend on the air.73, Will, NQ2W.

NX4N: Tnx for the QSO's! 73, Chris, NX4N.

OG2X: Thanks. It was nice to meet some Canadians on the band. Thanks.

OP5T: First attempt. Wires and 100W. Spent some short moments. Started much too late.

PU4BOT: First licensed on July 27, 2020.

RA3XCZ: IC756PROIII, Delta Loop 16073!

RW3AI: Rig Xiegu G90 pwr 5W, Ant Multiband vertical ECO.

PY2CP: I love the onliest Xmas Spirit of this Contest!

SP2HMT: Too much contests in same time.

SP3WKW: Ant: inverted V dipole 20mrig: Xiegu q90.

VA2CO: My power supply quit on me at 19Z, it had a good life, got it in 1981!

VA3CME: 100w, wire dipole.

VA3GE: G5RV antenna was covered with ice making antenna loading very difficult.

VA3GUY: 1st contest in a couple of years. A good (re)test of my CW. Was fun!

VA300L: First licensed: July 2021.

VA3RTG: Icom IC-7300, ZS6BKW Dipole.

VA3SPN: First licensed September 4, 2020.

VA6BGE: Flex 6600, Hexbeam for 40 thru 10m, Vertical for 15m, 135ft wire for 10m. Practicing CW since March 2021.

VA6RCN: P/T effort due to furnace breaking down.

VA7CTG: Comox Valley Amateur Radio Club.

VA7OTC: Operated only Friday evening local (U) as was in my first Christmas Bird Count the next day. Tough sledding - mobile, 50 W, 1/4 wave mono-band whips. [grin] Need to resume work on my full loop antenna for such portable ops. Thank you to all who worked to pull out the "light" station. For those that couldn't, thanks for trying. I had interesting paths to much of North America over the 3 1/2 hours. Some light stations, for me, proved to be successful contacts as there wasn't any on-frequency competition for us.

VC3CJ50: Entered under VC3CJ50 as MOMT to help celebrate Burlington Amateur Radio Club's 50th Anniversary.

VE1RAC: Propagation was patchy, with 10,15 and 20m going from nothing from the west to excellent contacts with BC and Alberta. For the previous two Canadian contests we have had trouble with RFI locking up N1MM on the station computer. This time we found and worked around the cause, resulting in less trouble and more QSOs! Each contest is a challenge to us to do better!

VE1RPX: I did not enter as Rookie because I did not make a CW QSO....

VE2KLW: All the QSOs were inside the 40m frequency band. All the QSOs were in SSB mode. All the QSOs were at Low power (< 100 W). I obtained my first licence in July 2022 (exam).

VE3BFU: VE3BFU 100W IC718 Hex Beam and Inverted V. Thanks to all. 73, Jana.

VE3DC: Great to be in the RAC Winter Contest in Canada once again. The operators were on when they could as this is a busy time of the year but always good to operate in this one. Thanks to all that worked us and to the other operators for the effort they did. 73 Rick, VE3BK.

VE3DMR: Another great RAC Winter contest!

VE3DS: 73 Dana VE3DS.

VE3ETE: Manitoulin ARC, Ontario, Canada.

VE3FTM: Better band conditions this year, limited time on but very enjoyable, thanx to all especially NT!!

VE3GJP: Rookie, low power, non-assisted.

VE3GRA: Ask for just Canadians periodically?

VE3LRL: What a great day! New antenna/ tower working very well and I am pleased!

VE3MF: RAC Winter Contest is so much fun.

VE3NRT: Great participation in US and Europe. Lots of Canadian calls too.

VE3OMV: First licensed in September of 2021.

VE3TCC: Great introduction to son to contesting while he studies for his licence.

VE3YX: Glad to see the higher bands working. Great contest for the "non-contester". TNX.

VE4EV: I enjoy this contest. 73, Dan, VE4DRK.

VE5GC: Wind wrecked my beam. Operated the contest with wire ant.

VE5SF: Good conditions this year, but lots of local noise on 80m.

VE6CLG: Licensed October 27, 2020.

VE6EC: Conditions were better and my personal score improved. Had lots of fun.

VE6GK: SteppIR urban beam at 60 feet did the heavy QRP lifting.

VE6IVN: Had a lot of fun; glad 10 and 15 opened up.

VE6KD: Fun.

VE6MM: Good fun. Amazing to work NS from AB on 40m. Best 73.

VE7AB: vertical dipole hanging from an oak tree.

VE7CA: Great privilege representing Canada!

VE7NA: RAC contest was a lot of fun with Lady Propagation in our favour.

VE7NZ: Participation gets better every year!

VE7RAC: Another fun RAC Winter Contest. Thanks to all who worked us and best wishes for a very Merry Christmas and a DX filled 2023! 73, Neil, VA7DX.

VE7YAH: Very enjoyable contest. Thank you.

VE9RAC: VO1HP 14.040 CW 1933Z Show Multiplier but would not log as Multi.

VE9VIC: 100 watts with 80M OCFD.

VJ40: Used "SD" by EI5DI worked very FB.

VO1NA: Great fun as usual.

VY1RAC: It was nice to have good conditions for the contest, especially on the upper bands.

VY2RAC: Another Distributed Multi with Lowell, VY2OX, doing most of the heavy lifting. As in the past, the object was to provide everyone with an opportunity to work the bonus station VY2RAC. Happily, it seemed that there were several VY2 stations participating this year. Merry Christmas to all and here's hoping Santa will be packing some great propagation in his sack. 73, Bill, VY2LI.

WOWLA: Contest was operated mobile Yaesu FT-891 and Tarheel 75A antenna.

WOYJT: Well, had company this year so ham radio was after they left 73 John.

W1END: Rig was FTdx101 and Butternut vertical. Conditions seemed pretty good this year on all bands.

W1MX: First HF contest for relatively new hams at MIT!

W2EB: Just a quickie to pass out some points. Lots of activity, good contest. Maybe next year I can give it a serious effort.

W3ICM: Enjoyed the contest. 20 SSB only, calling CQ. Never heard from NT.

W3SA: 80m horizontal loop on all bands.

W3TB: W3TB, Franklin, Tennessee.

W5TJS: Nice to talk to our neighbors to the north.

W9RE: Great activity and great ops! Had fun S and P'ing VEs.

W9TCV: Heard the fun going on and had to join in. Great to work neighbors to the north! 73, W9TCV.

WA2CNV: Got on late but managed to get the West coast and the middle!

WA4JQS: Great contest. Merry Christmas.

WA8Y: I'm proud to say I'm 25% Canadian, enjoy giving you a point.

WB8WUA: I had fun and was fairly successful for the winter time. I had to skip over several serial numbers of my series, as I inadvertently ended up participating additionally in the Croatia 9A contest from their CQ confusion. Thanks for the nice RAC contest opportunity.

WO1N: Too many commitments Saturday to be able to do this contest justice. Thanks for the Qs. Ken, WO1N.

WQ6X: This was another WQ6X multicontest weekend from the WA6TQT super-station. No one was interested in doing a multi-op so I set up an operation from STN-2 at WA6TQT's super-station. A new computer was brought in to STN-2 so a number of settings needed to be made as I went along with the contest. I was too lazy to run SSB Friday evening so it was a CW only contest until later Saturday morning. Overall, the band conditions were quite FB. Having access to the antenna array at Radio Ranch gave me a strong low power signal across North America – even on 160. There were dozens of stations calling in who were oblivious as to what I meant when I called "CQ RAC contest". Nevertheless, they gave their 1st QSO in the contest and I got another 2-points. There was even a short opening to JA on 10 & 15 metres. I love the fact that numerous Canadian Amateurs play in their own contest. There were many VE4, VE1, VY1, VY2 and VO1 stations on the air.

WU6P: Thanks for N6RO/Ken's guidance on contesting. It is a fun event. Did not get NT and NU in this contest. There is always next year. Using N6RO superstation.

YO4SI: Rig: Kenwood TS-450SAT 100W Ant: FD4.

YP5A: FTdx-3000 + PA 300W dipole.
