"Two old high school buddies, 50 years out of school, got together for a beer and to reminisce about the good old days. About how much fun they had at Field Day and the times they'd set up a station in the middle of nowhere just to have fun. And then came the question: Wouldn't it be fun to relive those days? Then came an opportunity. The American Radio Relay League (ARRL) instituted a new Multioperator Low Power category for their November Sweepstakes contest. Why not? Something different. It'd be fun!" – page 29
